

## Technical specification sheet

# HGC 10 | Cross Head

### Specifications

|                       |         |             |
|-----------------------|---------|-------------|
| article number        |         | 100.002.966 |
| model                 |         | HGC 10      |
| short description     |         | Cross Head  |
| max. working pressure | bar/MPa | 360 / 36    |
| weight, ready for use | kg      | 0.5         |

### Technical drawing dimensions

|             |            |            |
|-------------|------------|------------|
| dimension A | mm         | 45         |
| dimension B | mm         | 66         |
| dimension H | threadsize | 1 1/4" NPT |
